

The NSA Design Awards Competition

The National Sunroom Association Design Awards recognize excellence in the design and installation of sunrooms, solariums and patio covers. Entries are judged on the basis of 1) aesthetic appeal, 2) how well the sunroom, patio room or solarium enhances the architecture and natural surroundings of the home or commercial setting and 3) its interior appeal, and the functionality of the sunroom. To increase the diversity of entries, all sunroom designs will be judged by four different levels of sunroom cost, as well as type of roofing.
